

Join the Movement. Lead the Change.

Project 25 empowers 35 student-led clubs and groups to launch creative, impactful projects that make a real difference in their schools, communities, and the world.

This year, a few of our clubs and groups are participating in our City-Wide Project.

We are proudly partnering with Families Set Free, an organization dedicated to ending modern-day slavery and providing restoration and support for survivors

What I'm Doing

I'm participating in Project 25, a program through UYC, where students like me get to create projects that make a real difference. We received a \$100 mini-grant and have 3 months to make more money with it and use that money to impact society. This year, we're partnering with Families Set Free, an organization fighting to end modern-day slavery.

Why it Matters

Every project this year supports Families Set Free: - This group helps survivors of human trafficking in Pakistan - Individuals & entire families (kids) who can't pay their debts are forced to work in brick kilns, where they are given unfair wages. Many times, the women are treated horrifically. The organization pays for individuals' freedom, then provides housing and jobs for those who have been set free. \$400 can remove an individual from slavery - join the fight to end modern-day slavery and help us raise \$4,000 to free and empower 10 individuals. Your support can help change lives!!!

How You Can Help

1. Visit proj25.org below to learn more.
2. Share this flyer with your friends, family, and community.
3. Support my project by donating or spreading the word!
4. Join our Soapy Joe's Car Wash Fundraiser. (details on website)
